

# Student Equity & Engagement Programs Pathway H.O.M.E.

Sole Arevalo

Submitted by Gabriel Ochoa

Sole Arevalo became a part of our Pathways HOME program last semester with the type of barriers that people sometimes remain embedded in.

During this transition in her life however she made every effort to show up and thrive. She completed the Fall semester with a 3.75 GPA and immersed herself into the Spring Semester. She was accepted into the Phi Theta Kappa Honor Society and proudly represented who she is. For being a first year student she has excelled while so many other things were going on in her life. I proudly select Sole Arevalo as the outstanding student for our program. Her continued growth and progress is evident and we know it is just the beginning for her.
